

TCM Forklift Parts

TCM Forklift Part - In the global industry of material handling, forklifts play a major role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in America, lift trucks gained popularity after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread internationally.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Currently the company is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures several models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
